

Physical Health Services: Codes Requiring Prior Authorization

NC Medicaid Managed Care Behavioral Health and Intellectual/Developmental Disabilities (I/DD) Tailored Plan

Revised Sept. 14, 2026

PRIOR AUTHORIZATION FLEXIBILITIES IN EFFECT OCT. 1-DEC. 30, 2026

Vaya Partners will not require prior authorization for most physical health services for service dates between Oct. 1-Dec. 30, 2026, due to the merger of Vaya Health and Partners Health Management. Please note Electronic Visit Verification (EVV) Personal Care Services (PCS) are excluded from these flexibilities. For information about how to obtain authorizations for PCS, visit the Vaya [Personal Care Services](#) webpage.

If Vaya or Partners has already approved a service with a date range that includes dates both before and after Oct. 1, you do not need to submit a new prior authorization request to Vaya Partners. We will honor the approval for the life of the authorization.

PRIOR AUTHORIZATION REQUIREMENTS AFTER DEC. 30, 2026

Note the following guidance authorizations for dates of service after Dec. 30, 2026 (if not previously approved by Vaya or Partners). This list contains most inpatient and outpatient physical health service codes that require prior authorization under the Vaya Partners Behavioral Health and I/DD Tailored Plan for Medicaid beneficiaries. This list is subject to change and may not contain all codes that require prior authorization. Please note Vaya Partners does not manage dental services.

Vaya Partners follows the North Carolina Department of Health and Human Services' [clinical coverage policies](#), except for Diagnostic Imaging Services. Our clinical coverage policy for diagnostic imaging is available on our [website](#).

Service categories requiring prior authorization include, but are not limited to:

- CAR – T Cell Therapy
- [Cell and Gene Therapies](#)
- Diagnostic Imaging (not all procedures – see list below; EviCore reviews requests)
- Durable Medical Equipment (except those related to enteral feedings) – see list below
- Genetic Testing (see applicable [clinical coverage policies](#); prior authorization is required only if the provider request exceeds service limits)
- Hearing Aid Services
- Home Health
- Home Infusion Therapy
- Hospice Services
- Hyperbaric Oxygenation Therapy
